ACADEMY OF DENTISTRY TORONTO

OUR ACADEMY

The ACADEMY OF DENTISTRY, formerly the Toronto Dental Society, has been functioning continuously since 1889. It has provided leadership and service to both the profession and the community, and will continue to do so in the future.

The OBJECTS of the Academy are:

1. Advancement of the art and science of dentistry.
2. To promote the highest ideals of dental practice.
3. Cultivation of harmony and good fellowship among its Fellows, and among the members of the dental profession generally.

Some of the specific services provided are as follows:

1. The Annual WINTER CLINIC.
2. After hours EMERGENCY TREATMENT service for the public.
3. The Annual INFORMATION BOOK, a directory of dental organizations.
4. The LADIES' AUXILIARY, which provides support for worthy dental projects, and various fellowship activities.
5. PUBLIC RELATIONS, a secretary to answer the public's queries and complaints.
6. An ELECTED COUNCIL, representing all Metro Toronto dentists and their local component societies.
7. CO-ORDINATION of dental and fellowship functions within Metro Toronto.
8. DENTAL MEETINGS with excellent programs and clinicians.
9. Assistance in formation of new STUDY GROUPS.
10. HONOURARY MEMBERSHIP to recognize outstanding dentists.
11. ARCHIVES for historical dental information.
12. Fellowship activities such as the Annual GOLF TOURNAMENT and CURLING BONSPIEL.
13. MEDIATION services for the public.
14. COMMUNICATION with dental auxiliary organizations.
15. LIAISON with local government and other community groups.
16. Provides an ASSOCIATE PLACEMENT service.

THIS IS OUR ACADEMY.
KEEP IT STRONG.
SUPPORT IT, ENJOY IT.

PRESIDENT'S MESSAGE

A. BARRY CHAPNICK, D.D.S.

The dental profession today, as in the past, is being influenced by many different modalities, for the delivery of its care. The one constant, however, is the need for improving our professional skills to better serve the public.

The Winter Clinic of the Academy of Dentistry, Toronto, for the past fifty-one years, has been responding

to this need by providing a veritable cornucopia of knowledge and information for dentistry and its allied sciences.

This year, under the leadership of Dr. Aldo Boccia, our Winter Clinic Chairman, we are offering a varied program that is responsive to the entire dental team. I am especially grateful to the clinicians and program participants for unselfishly sharing their time, knowledge and skills with us, and to our technical and commercial exhibitors, whose cooperation and generosity are so essential to the Winter Clinic.

Most of all, I thank YOU for being with us; without you, all our efforts would have been in vain. It is my hope that the information and knowledge you will obtain, and the traditional good fellowship and comraderie you will enjoy will be an inspiration to you as you return to your daily routines. May you be better prepared and encouraged to cope with today's many changes in the wonderful world of dentistry.

***Thank You For Being With Us
And Have A Great Day!***

The Academy has moved to:

**Britannica House
151 Bloor Street West
Suite 860
Toronto, Ontario
M5S 1S4**

Telephone: (416) 967-5649

CHAIRMAN'S WELCOME

ALDO BOCCIA, D.D.S.

On behalf of the Academy of Dentistry, I extend a cordial welcome to everyone attending our 51st Winter Clinic Meeting... Your Academy's crowning achievement.

I would like to thank my committee members who have worked so diligently throughout the year to endeavour to provide something of interest in each discipline of our profession and our outside special interests. To name but a few of our

clinicians, we have: Dr. Ron Jordan, Esthetics; Dr. Saul Kamen, Geriatrics; Dr. Douglas Neuman, Periodontics; Mr. Michael Birley, Associate Relationships; Pat Howse, Just a Receptionist?; Bonnie Stern, Food Styles and Trends, and a most entertaining luncheon speaker, Elwy Yost. Read on for the remainder of our program; turn to your appointment calendar today and mark off the 24th of November for you and your staff. Please avail yourselves of the knowledge our varied clinicians, table clinicians and commercial exhibitors have to offer.

We are certain your participation in our programs, fellowship and hospitality will have lasting value to you, your staff and your patients.

HAVE AN ENJOYABLE DAY!

O.D.N. & A.A. WELCOME

LORNA AKERVALL, C.D.A.

PRESIDENT

On behalf of the O.D.N. & A.A., I wish to welcome you to the Academy of Dentistry, Toronto's 51st Annual Winter Clinic. This one day seminar, the largest in North America, is one that we, as health care professionals can truly be proud of. Dentistry in the 1980's has not been exempt from the "future shock waves" of change, and in keeping with the times, the Academy has endeavoured to

address issues of timely importance.

This year, a wide variety of technical subjects will be presented, as well as Stress Management, the Dental Receptionist and Dental Office Management.

Winter Clinic is a day dedicated to dental practitioners and their auxiliaries. This is a day to share mutual concerns, to perhaps achieve a higher level of self-understanding, one that will surely enhance and improve practice management.

A special thank you to Miss Nancy Block, Winter Clinic Manager for assisting the Academy in producing an excellent seminar.

Enjoy your day!

WELCOME FROM THE O.D.H.A.

TAMMY GOUWELOOS, R.D.H.

PRESIDENT

Winter Clinic provides a great opportunity for the dental team to participate in continuing education. It allows each of us to grow personally and professionally and to keep up with the public's changing wants and needs in dentistry. With our patients becoming more educated and more interested in total good health, they will desire more preventive measures and current techniques to preserve their oral health.

On behalf of the Ontario Dental Hygienists' Association it is my pleasure to welcome all those taking part in the diversified and informative program at Winter Clinic. I would also like to offer continued support and thanks to the Academy of Dentistry and to all of those individuals who helped in the planning and deliverance of the 51st Annual Winter Clinic.

LUNCHEON SPEAKER

ELWY YOST

KING KONG, MARILYN MONROE AND ME “A CANADIAN’S ADVENTURES IN MOVIELAND”

Elwy Yost has retired from TVOntario but still hosts “SATURDAY NIGHT AT THE MOVIES”.

From 1970 to 1987 he was TVO’s executive producer of Saturday Night at the Movies, Magic Shadows, Talking Film, the Moviemaker, Film International, The Movie Show, and other special film presentations. In addition to administrative duties, Elwy hosted all these series except Film International and The Movie Show, and wrote weekly scripts for Saturday Night at the Movies.

Elwy is the author of several children’s books as well as Magic Moments from the Movies. From 1964 to 1970 he was Executive Director of the Metropolitan Educational Television Association in Toronto. Elwy taught English, History and Geography at Burnhamthorpe Collegiate in Etobicoke from 1959 to 1964. During the same period he wrote a number of plays for CBC Radio. As a youth he was involved in summer stock with Midland Players and Niagara Barn Theatre, acting in such plays as The Man Who Came to Dinner, Mr. Roberts and Angel Street. In 1947 and 1948 he wrote, directed, produced and starred in a short feature film, IN BETWEEN, which received Honorable Mention at the Canadian Film Awards of 1949. Elwy was with the Canadian Infantry during 1944 and 1945 and with the Canadian Army Show from May to September, 1945.

**ELWY YOST WILL BE AN ENTERTAINING AND INFORMATIVE
SPEAKER!**

UNDERSTANDING YOURSELF AND OTHERS WITH STYLE

MR. PAUL C. REED

Morning Session: UNDERSTANDING YOURSELF AND OTHERS WITH STYLE

This is a dynamic, humorous workshop designed to help understand yourself and others.

The first part points out people's differing characters, values and attitudes. The second part examines the factors which have made us who we are today and teaches us to adjust styles to meet situational needs. The third part will help develop behavioural strategies.

This information is excellent for maximizing staff effectiveness through win-win situations and positive control of interactions.

Afternoon Session: AN UNDERSTANDING OF YOUR JOB BY YOURSELF AND OTHERS

This lecture is related to the morning session as it is a clinic in job satisfaction and accomplishment. Mr. Reed stresses the importance of assertive behavior, hard work and competency in achieving success. The lecturer also discusses the interpretation and reconciliation of divergent ideas, and the need to adjust one's behavioral style to address varying situations.

Biography

Paul C. Reed is President of Paul Reed Seminars, an employee motivation and training company. He has an undergraduate degree from Bowling Green University and a Master's degree from the University of Dayton.

Mr. Reed is a consultant for large and small corporations, both in North America and Asia. His work in conducting on-site training sessions for both contact and non-contact employees is well respected by clients and competitors alike.

With an engrossing and unique speaking style Paul Reed combines an appropriate amount of content and humour and quickly gains center stage with the participants.

Knowledgeable, stimulating and entertaining . . .
Paul Reed leaves no audience as he found it.

**LIMITED ATTENDANCE — ALL DAY CLINIC OF INTEREST

CLINICAL UPDATE ON ESTHETIC COMPOSITE BONDING: TECHNIQUES AND MATERIALS

RONALD E. JORDAN, BA., D.D.S.,
M.S.D., F.I.C.D. (H)

Synopsis

General practitioners are currently faced with tremendous confusion as a result of an ever-changing and dynamic market of new systems, concepts and materials. *Anterior composite restoratives* are in a constant state of flux. The recent advent of a wide variety of *dentin bonding agents*, both self and light cured, underscores the need for meaningful clinical information on these new materials. The state of *posterior composite materials* and their possible role in terms of general

practice dentistry is enormously controversial. In addition, conservative techniques for the esthetic restoration of discoloured and malformed dentitions are assuming increasing importance. This course will deal specifically with update information on these important areas of general practice.

Biography

Dr. Jordan is presently Associate Dean, Clinical Affairs, Faculty of Dentistry, University of Western Ontario, London, Ontario. He graduated D.D.S. in 1954 from the University of Alberta and practised general dentistry in Winnipeg until 1960. From 1966 to 1983 Dr. Jordan was Chairman, Department of Restorative Dentistry, University of Western Ontario. He is a member of several societies and is the co-author of three textbooks and author of forty-two scientific papers. Dr. Jordan's consultantships are: Chief Examiner, National Dental Examining Board of Canada; Editorial Board, *Operative Dentistry*, and Editorial Consultant, *Journal of the American Dental Association*.

PLACE: Room 206 B&D

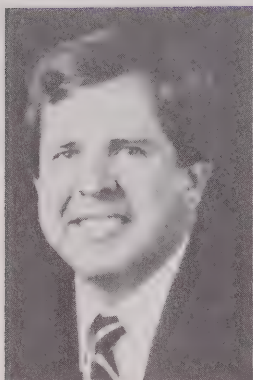

TIME: 9:00 — 11:30 a.m.

2:15 — 4:30 p.m.

CHAIRMAN: Dr. Dorothy McComb

PRACTICE GROWTH THROUGH NON-SURGICAL PERIODONTICS

DOUGLAS M. NEUMAN, D.M.D., M.S.

Synopsis

This course will help dentists and staff redefine their roles to reflect the evolution of dental disease from a caries-oriented problem to a periodontally-oriented problem. Examples of how the participants can help patients overcome the traditional behavioral obstacles to treatment will be presented, plus hints on how to work more effectively with specialists.

Biography

Dr. Neuman is a practising periodontist in Lexington, Kentucky. He is nationally renowned for his

lectures in Periodontal Practice Management, having lectured for the last 5 years throughout the United States.

In recent years he has helped many of his referring dentists develop a workable understanding of periodontal disease and develop a rationale for treatment. In doing so he has outlined for them a program that many individuals have successfully incorporated into their practices.

Dr. Neuman is a dynamic speaker with a knack for making periodontal disease and its treatment relevant and interesting to the general practitioners who have heard him lecture.

<i>PLACE:</i>	Room 203 B&D
<i>TIME:</i>	9:00 — 11:30 a.m. 2:15 — 4:30 p.m.
<i>CHAIRMEN:</i>	Dr. Sam Newman Dr. Gerry Pearson

DRUGS YOUR PATIENTS TAKE

WILLIAM K. BOTTOMLEY, B.S., M.S., D.D.S., M.S.

Synopsis

This presentation reviews the more common drugs prescribed and their implications to the dentist in diagnosing possible oral and systemic side effects. The influence of the medical conditions being treated in relation to the dental treatment planning will be discussed.

THE INFORMATION IN THIS PRESENTATION IS OF GENERAL INTEREST TO THE ENTIRE DENTAL TEAM.

Biography

Dr. Bottomley is Professor and Chairman, Department of Oral Diagnosis, Georgetown University School of Dentistry. He served in many dental departments of the United States Navy. Dr. Bottomley has presented numerous lectures on Oral Medicine for the General Practitioner, Herpes Simplex, Infectious Diseases, and Drugs Your Patients Take. He has done research in several areas, the most recent being Fetal Alcoholic Syndrome, 1981. Dr. Bottomley has published many articles and is the Author/Reviewer of *Merck Manual of Diagnosis and Therapy*, 14th Ed. He has won many awards including the American Cancer Society's, Harold W. Krogh Award 1986. Dr. Bottomley has held positions on a large number of committees and was President Elect, of American Academy of Dental Radiology, 1986-87.

Even with his busy schedule, Dr. Bottomley belongs to a musical organization called "Docs of Dixieland", which performs for charitable and benefit functions.

INTEGRATING GERIATRIC DENTISTRY INTO GENERAL PRACTICE

DR. SAUL KAMEN

Synopsis

This seminar will delineate the demographic factors in aging which have made geriatric dentistry a critical issue for dental professors in the U.S. and Canada; describe the normal and pathological effect of aging on the dentition with emphasis on the regional evaluation of the mouth and its adnexae; give definitive protocols for management of the medically and mentally compromised older patient; discuss the iatrogenic oral manifestations of common drugs used for the elderly; and emphasize

modifications in restorative and prosthetic therapy dictated by the foregoing considerations.

Biography

Dr. Kamen is currently Chief Emeritus of Dental Service at the Jewish Institute for Geriatric Care, New Hyde Park, New York, and Former Chief of Pediatric Dentistry (for 20 years) at the Long Island Jewish Medical Centre. He is on the faculty of seven dental schools, including Professor of Dental Health, School of Dental Medicine, State University of New York at Stony Brook; Columbia University; Temple University (Distinguished Visiting Professor, 1986); Eastman Dental Center; Fairleigh Dickinson University; University of Florida (Consultant); and University of Leeds in the United Kingdom.

Dr. Kamen is Past President, American Society for Geriatric Dentistry, and currently Editor of its Newsletter. He is Fellow, Clinical Medicine Section of the Gerontological Society of America; Distinguished Member, National Academies of Practice. Dr. Kamen is the author of over 100 articles in special patient care and has lectured throughout the U.S. and other parts of the world.

PLACE: 206F
TIME: 9:00 — 11:30 a.m.
2:15 — 4:30 p.m.
CHAIRMAN: Dr. Hugh MacKay

Morning Session: FUNDAMENTALS (NUTS AND BOLTS) OF SURGERY FOR EMBEDDED THIRD MOLAR AND CANINE TEETH

Synopsis

A detailed analysis of step-by-step procedures for the removal of mandibular third molars will be presented. The techniques, including patient control modalities, are based on applied surgical anatomy, decades of experience by Dr. Alling in dentoalveolar surgery, and the compilation of several surveys

that were conducted by Dr. Alling on the practical aspects of the techniques of other oral and maxillofacial surgeons. The material to be presented is the core of a pending textbook on this subject.

Afternoon Session: MAJOR COMPLICATIONS FROM MINOR ORAL SURGERY

Synopsis

During 35 years of institutional practice and teaching in the U.S. Army, as well as eight years in private practice, Dr. Alling has encountered nearly every complication. He has classified these experiences arising from practice and from the referral from other dentists and physicians to help others avoid such problems. Ample opportunity for questions and discussions will be scheduled. An 11-page outline of the lecture will be provided.

Biography

Dr. Charles C. Alling is in the private practice of oral and maxillofacial surgery in Birmingham, Alabama. He is Past-President of the American Board of Oral and Maxillofacial Surgery. He is an editorial board member of *Oral Surgery, Oral Medicine and Oral Pathology*; the author of approximately 100 articles and chapters, textbooks and related publications including several printings and two editions of *FACIAL PAIN; MAXILLOFACIAL INJURIES* in 1987 and *THIRD MOLAR SURGERY* now in press. He is involved in many volunteer and organizational activities. Dr. Alling is a Colonel, US Army, Retired, and has served on three continents in a variety of assignments. He was Professor and Chairman, Department of Oral and Maxillofacial Surgery, University of Alabama, School of Dentistry. Dr. Alling is a private pilot, and he and Mrs. Alling also enjoy sailing, photography, golf, and their seven grandchildren.

PAEDIATRIC DENTISTRY — THE FUTURE IS NOW

NORMAN LEVINE, B.A., D.D.S., Dip. Paedo.,
M. Sc. D., F.R.C.D. (C), F.I.C.D.

Synopsis

The role of paediatric dentistry is often questioned in these times of declining caries rates. However, dentistry for the child and adolescent never did revolve solely around treating dental decay. These lectures will attempt to focus on many of the other aspects that the generalist and specialist should be involved with in order to ensure optimal dental health and development for the child and adolescent, whether they are normal, medically compromised, physically/mentally handicapped, or emotionally

disturbed, or have some oro-facial congenital defect.

DR. LEVINE'S MORNING LECTURE WILL DEAL WITH THE NORMAL VARIATIONS. THE AFTERNOON LECTURE WILL DEAL WITH THE HANDICAPPED.

Biography

Dr. Levine is Professor and Head, Department of Paediatric Dentistry, Faculty of Dentistry, University of Toronto. He is a Past President of: The North Toronto Dental Society; The Canadian Academy of Paediatric Dentistry; The International Association of Dentistry for the Handicapped; The American Academy of Dentistry for the Handicapped, and The Royal College of Dentists, Canada. Dr. Levine is a dental consultant at Mt. Sinai Hospital, the Hospital for Sick Children, and Bloorview Children's Hospital. He was assistant Dean, Academic (1979-1985), Faculty of Dentistry, University of Toronto. Dr. Levine has authored or co-authored many articles in the field of Paediatric Dentistry and has lectured nationally and internationally.

PLACE: Room 202B

TIME: 9:00 — 10:00 a.m.
2:15 — 3:15 p.m.

CHAIRMEN: Dr. Howard Stein
Dr. Ken Hershenfield

RESTORING ENDODONTICALLY TREATED MOLARS

MARTIN GELFAND, D.D.S., F.R.C.D. (C)

Synopsis

This topic will deal with the most current concepts in the restoration of endodontically treated molars. Particular emphasis will be placed upon the techniques for the fabrication of a "coronal-radicular amalgam restoration". Special emphasis will be placed upon restoring the "bombed out" molar in which most of the clinical crown has been destroyed. Biologically sound treatment modalities will be presented for the restoration of these extremely challenging situations in a rational and predictably successful manner.

Biography

Dr. Gelfand received D.D.S. from the Faculty of Dentistry, University of Toronto in 1965, practised general dentistry until 1979 and then attended Tufts University where he received a certificate in endodontics in 1981. Dr. Gelfand is in a private endodontic practice and is an Associate in Dentistry at the Faculty of Dentistry, University of Toronto. He is a Fellow of the Royal College of Dentists of Canada and a Diplomate of the American Board of Endodontics. Dr. Gelfand has presented many lectures on topics such as : radiology in endodontics; pulp pathology; failures in endodontic treatment, and post and core restorations, pros and cons. He has written several publications and is currently conducting research in post and core restorations in anterior teeth. Dr. Gelfand is a Past President of the George Hare Endodontic Study Club in Toronto.

PLACE: Room 202B
TIME: 10:15 — 11:15 a.m.
3:30 — 4:30 p.m.
CHAIRMAN: Dr. Bruce Burns

TAX MINIMIZATION AND MAXIMIZING INCOME

MURRAY RUMACK, F.C.A., F.M.C.

Synopsis

Mr. Rumack will discuss:

- Holding on to Canada Savings Bonds while paying interest on the mortgage(s) on your home — a “no no!”
- Personal financial planning.
- Planning holidays concurrent with attending conventions.
- Update on RRSP's.
- Revenue Canada's basis for permitting charges by management companies for management fees pertaining to the professional practice of dentistry.

- \$500,000 Capital Gain exemption on sale of shares of active Canadian Controlled Private Corporations (CCPC).

As more changes in the Income Tax Act are expected prior to the Winter Clinic, Mr. Rumack will attempt to keep the material as current as possible.

Biography

Mr. Rumack is a Partner, Clarkson Gordon, National Business Development. His Special Appointments are; Ontario Economic Council — May, 1982, and he directed special consulting assignment to the Deputy Minister, Revenue Canada — Taxation, dealing with new tax reforms. Mr. Rumack's memberships are: President, National Association of Estate Planning Councils of Canada; President and Fellow, Institute of Management Consultants of Ontario; Fellow, Institute of Chartered Accountants of Ontario; Past President, Estate Planning Council of Toronto; Canadian Tax Foundation, and International Fiscal Association.

He has presented numerous radio and television broadcasts on financial, economic, tax matters, estate planning, employment opportunities and marketing. He has lectured at University of Toronto and York University and has provided special marketing seminars in Canada and the U.S.A. for Federal and Provincial Departments of Industry and Trade. Mr. Rumack specializes in the direction of projects specific to financial and tax planning and reorganization for corporations and government, and review of their operations.

JUST A RECEPTIONIST??

PAT HOWES, C.D.A.

Synopsis

Just as the delivery of dental care has experienced many changes in the past twenty years, so too has the role of the dental receptionist. This seminar will explore this changing role, and provide practical tips on enhancing your position as a dental receptionist, through proven management techniques.

Biography

Pat is a C.D.A. who has worked as a chairside assistant, receptionist and office manager since 1968. For the past five years she

has been employed by Tridont Health Care Inc., and is currently Manager of Dental Operations and Communications with responsibility for 107 dental centres across Canada.

THE ASSOCIATE RELATIONSHIP — LEGAL IMPLICATIONS

MICHAEL C. BIRLEY, L.L.B.

Synopsis

This presentation will touch upon the formation of the associate relationship, status as an associate, termination of the associate relationship and consequential damages, the ability of the principal to restrict competition and the status of restrictive covenants, the significance of contracts in writing, and other practical considerations.

Biography

Mr. Birley is a partner with Shibley, Righton & McCutcheon, practising exclusively in the area of civil litigation with particular emphasis on commercial matters, and the defence of dental errors and omission claims. He has appeared in all Courts in the Province and has often been retained by the Royal College of Dental Surgeons to prosecute matters before the Disciplines Committee. Mr. Birley was called to the Bar in 1977. He received his law degree from Queen's University in Kingston in 1975. Mr. Birley's undergraduate training was Honours Economics.

HOW TO COPE WITH THE WORLD OF WORRY, FEAR, PHOBIAS AND ANXIETY

GEORGE A. FRASER, M.D., F.R.C.P. (C)

Synopsis

Dr. Fraser will discuss:

The Stress Disease — What it is, how to recognize it in yourself and your patients — and what can be done about it.

Odessian, Dionesian or Appolo-nian — Which are you? Take a look at your own personality style.

Phobias — What causes them? When is a fear a phobia? What can be done about phobias? — How do you handle a phobic patient or your own phobias?

Hypnosis — What is it? Learn your own hypnotizability potential. Self

hypnosis as a stress reduction technique. The role of hypnosis for a dentist. Who can use it. Learn a self hypnosis technique.

Biography

Dr. Fraser received BSc., St. Dunstons University in 1962; M.D., Dalhousie Medical School, 1967 and F.R.C.P. (C), Royal College of Physicians, 1975.

He was awarded CD (Canada Decoration) in 1975 and in 1978 the Canadian Forces Europe Base Commander's Commendation Award.

After a few years in general practice, Dr. Fraser completed his residency in psychiatry — Nova Scotia (Dalhousie University, 1975). He was: Chief of Psychiatry — Canadian Forces Hospital Europe (Germany) 1975 — 1978; Chief of Psychiatry — Canadian Forces Hospital, Halifax, 1978 — 1982; Assistant Chief of Psychiatry, National Defence Medical Centre, Ottawa, 1982, and since 1983 has been Director, Anxiety and Phobic Disorders Clinic, Royal Ottawa Hospital, Ottawa.

Dr. Fraser has had many appointments and been a member of many committees, hospital staffs and societies. He has published many articles, particularly on the Multiple Personality and Other Dissociative States.

HIRING, RETAINING AND RELEASING STAFF (in the Dental Office)

M. DAVID KASSIRER, CMC

Synopsis

Some dentists seem to keep their employees a long time. What are their secrets? You *can* do something to reduce turnover.

Mr. Kassirer's morning session will deal with how to hire long-term employees.

IN THE AFTERNOON he will discuss retaining personnel and understanding employment breakdown causes for severance.

Biography

Mr. Kassirer is a Human Resource Specialist with over twenty

years' experience as a Management Consultant. A graduate of Carleton University, Mr. Kassirer holds a Bachelor of Arts degree in Economics and Psychology. He is a Certified Management Consultant. After ten years in the field, he established Kassirer & Associates in 1984. As part of the Personnel Certificate Program of Centennial College of Applied Arts & Technology, Mr. Kassirer developed and taught a course covering the topics of Recruitment and Recruitment Interviewing. Mr. Kassirer serves on the Board of the Institute of Certified Management Consultants of Ontario and chairs the Communications Committee of the institute. He is also a member of the Personnel Association of Ontario, and the Canadian Cancer Society; National Service to Patients Committee Focus Group and Cansurmount Program.

HIGH FASHION FOOD

BONNIE STERN

Synopsis

Bonnie will be presenting information about current food trends and will discuss the latest popular cookbooks, chefs, recipes and ingredients as well as how trends begin and develop. She will be bringing a selection of ingredients, cookbooks and equipment that is most fashionable.

Biography

Bonnie Stern graduated from the University of Toronto in 1966. She took a two year food technology program at George Brown College and studied food in Europe, the United States and China. Bonnie

opened her cooking school and shop in 1973. Four cookbooks have been authored and a new dessert cookbook will be published in the fall.

Bonnie is a regular contributor to Canadian Living and Food Magazine as well as a freelance writer for City and Country Home. She worked for CKFM for ten years, doing a weekly radio show on food and has been a frequent guest on other radio programs. Bonnie is the 1988 winner of Toronto Culinary Guild's Silver Ladle Award. Bonnie Stern loves teaching the best with the goal of making cooking more healthful, better tasting, easier and more fun for her students.

HONOURARY LIFE MEMBERSHIP

WILLIAM J. SPENCE, D.D.S., M.S.D., F.I.C.D., F.A.C.D.

The Academy of Dentistry, Toronto is honoured at its Annual Winter Clinic Meeting, 1988 to present for Honourary Life Membership in the Academy, Dr. William J. Spence.

Bill Spence grew up in Toronto, attending primary and secondary schools. In 1941 he enlisted in the R.C.A.F. and flew as a bomber pilot throughout the second world war, retiring as a Flight Lieutenant in 1945. After the war he entered the Faculty of Dentistry, University of Toronto, graduating with his D.D.S. in 1951. He proceeded to Northwestern University where in 1953 he was awarded his Master of Science in Dentistry and became an Orthodontic specialist. Bill returned to Toronto where he continues to practise his specialty after thirty-five years. Throughout his years of practice he contributed his time and expertise to the Hospital for Sick Children and the Faculty of Dentistry.

The foregoing achievements and contributions would seem sufficient for any person in their life; however, Bill's further achievements and contributions in the realm of organized dentistry are singularly significant. Beginning as a councillor for the North Toronto Dental Society in 1955 he proceeded to serve as Secretary to the Canadian Society of Dentistry for Children. Later he became President of the Orthodontic Study Club. From 1962 to 1969 he was a governor to the O.D.A. culminating that progression by becoming its President in 1967. The odyssey did not stop there. Governorship on the C.D.A. led three years later to his becoming its President in 1970.

In 1967 Bill received his fellowship from the International College of Dentists. He later became Registrar for the I.C.D. in 1977, a post he

HONOURARY LIFE MEMBERSHIP

WILLIAM J. SPENCE, D.D.S., M.S.D., F.I.C.D., F.A.C.D.

(Continued From Previous Page)

holds up to the present. Meanwhile he became International President of the I.C.D. in 1985, only the 4th Canadian to ever hold that post.

In addition to the aforementioned positions, Bill has been singled out for many awards of distinction. In 1984 he was awarded an Honourary Fellowship in the Academy of International Dental Studies; an Honourary Fellowship in the Academy of Dentistry International in 1987 and most recently, Fellowship in the American College of Dentists, 1987.

Throughout his career Bill's wife Margie has shared and supported his interests, matching his artistic achievements and instrumentally assisting his orthodontic practice.

It would be inappropriate to isolate Bill's professional contributions without reference to his other talents. In addition to being an avid and accomplished golfer and curler (Captain, Summit Golf Club, 1959, Curling Convenor, Toronto Granite Club 1980, Member Lambton Golf Club), he is an active member of the Board of Trade and the Rotary Club. Substantiated by his early training in fine art at the Ontario College of Art and commercial art at Central Tech. Bill continues today as a skilled wildlife artist. Gardening, both outdoor and greenhouse, rounds out his principal hobbies.

Therefore it is with the deepest respect that the Academy awards, this, it's most prestigious award to Dr. William J. Spence.

Toronto, Ontario
M5S 1S4**

Telephone: (416) 967-5649

FIRST STATED MEETING

FRIDAY, FEBRUARY 10, 1989

INN ON THE PARK

ON BECOMING A PEAK PERFORMER The Peak Performance Practice

Presented by

Jim and Naomi Rhode
Pheonix, Arizona

Peak Performance is a process, not an event. Spend a stimulating day with Jim and Naomi discovering your potential for peak performance; introspectively, interpersonally, organizationally and managerially. Learn all that's necessary to maximize peak performance in your loyal patients, as the Rhodes share their secrets for a "double-win" philosophy.

Practical and powerful, this seminar day will be jam-packed with inspirational and peak visualization for the *entire dental team*.

Don't miss this Dynamic idea day!

Jim and Naomi were the headline speakers at the Winter Clinic several years ago. The response to them was excellent and the Academy of Dentistry is pleased to again offer their unique presentation.

Use the enclosed registration form to reserve now or look for the **EARLY BIRD REGISTRATION DESK** at the Winter Clinic.

1988 GOLF TOURNAMENT

The Golf Tournament this year was a great success and the Academy would like to thank the following companies for contributing to the "Prize Table".

Ash Temple
Belmont/Takara
Denco
Kerr/Sybron/Ritter
Healthco
Lux & Zwingenberger — Sci-Can

EMERGENCY SERVICE

Support the Academy's Emergency Service by placing its telephone number on your answering machine when you are out of the office.

HOURS:

Monday — Friday

4:30 p.m. — 1:00 a.m.

Saturday, Sunday and Holidays

9:00 a.m. — 1:00 a.m.

TELEPHONE: 924-8041

During daytime hours, the Academy office (967-5649) will refer patients to dentists who accept new and/or emergency patients.

***If you are interested in
becoming a member of this service,
contact the Academy office.***

Dr. Jerry Weisberg

Dr. Warren Hing

Chairmen, Emergency Service

REPORT FROM THE MEDIATIONS COMMITTEE

Those who come to our offices and become our patients, do so because they have a need. Some may require relief from pain. Others may wish to improve their appearance, and there are some who wish routine examinations for assurance that all is well and desire treatment to maintain it so.

For whatever reason they have chosen us, a relationship exists that must develop a mutual respect for each other. The dentist must recognize not only the patients dental requirements but also the patients expectations. The patient must understand their problem, the proposed treatment and its expected cost, as well as the possible outcome of treatment. Conflicts develop when patient care does not meet the expectations of treatment.

Despite our best efforts, occasionally a patient will make a complaint. This complaint may be directed at any one of us. No one is immune. Should such a situation arise, it is best not to become defensive or stand on principal. If our records are accurate, the facts will speak for themselves.

The Mediations Committee, which is comprised of dentists chosen by each of the 4 local societies will review the problem and try to resolve it in a professional manner, fair to both patient and dentist.

Our committee members volunteer their time to help our profession maintain a high stature in the community. Their efforts are to be congratulated as most cases referred to us are resolved before escalating into R.C.D.S. proceedings.

Gilbert Chapnick D.D.S.
Consultant, Mediations Committee

DENTAL NURSES AND ASSISTANTS REGISTRY

SPONSORED BY

THE ACADEMY OF
DENTISTRY, TORONTO

MR. I.M. HANNAH

Call Mr. Hannah for complete information regarding
employment or full or part-time assistants.

SCRAP AMALGAM DRIVE

The Ladies' Auxiliary of the Academy of Dentistry will collect scrap
Amalgam and scrap gold in February, 1988. If you have not been con-
tacted and you want to contribute to this worthy cause, please call.
Anyone from out of town attending the Winter Clinic and who wishes
to contribute may bring their contributions with them.

CONTEST**

WHAT WILL HAPPEN TO YOUR OFFICE IF YOU ARE SICK OR DISABLED?

ACADEMY OF DENTISTRY MUTUAL AID PLAN

This is a group of dentists who will help a member of the group at a time of distress. Ideally the group will number about twenty, but the number fluctuates as people join and leave. If you are a member of this group, and are unfortunate enough to be unable to practise because of illness or accident, the members of the group will take turns in operating your practice, with your auxiliaries, to a maximum of four days per week, for a number of weeks. This will provide service for your patients in case of emergencies, completion of treatment in progress and maintain the flow of recall patients.

Some of the benefits are, maintaining service availability to your clientele and employment for your auxiliaries as well as preventing the formation of a huge backlog of patients waiting for your return. If it becomes necessary for a practice to be sold, the plan can maintain the viability of the practice until the sale can be completed. The other members of the plan will come to your office one day at a time, on a rotating schedule. If the group numbers 20, the remaining 19 dentists would be responsible for about one day each, every five weeks for each disabled dentist. Fees are charged in the usual way at the stricken dentist's office, and the contributing dentist does not receive compensation.

The plan has been available for several years and has worked well to date for the stricken dentist. You might want to ask a friend or two to consider joining, or perhaps start a whole new group. A set of by-laws has been adopted, but they can be changed if the need arises.

Further details and a copy of the by-laws are available at the Academy office - 967-5649 or by calling Berril Garshowitz, 229 Yonge Street, Ste. 213A, Toronto, M5B 1N9, telephone 368-3375.

ASSOCIATE PLACEMENT SERVICE

The Associate Placement Service continues to be an important part of the Academy's function in the Metropolitan Toronto area.

At the present time there are more dentists seeking placements than there are vacancies. We urge all those who require associates to call the Academy office with their requirements.

To facilitate the Placement Service, we would ask that you inform the Academy office once your requirements have been met.

Opening a great practice takes a lot of patience.

Beginning a new practice is not easy and it doesn't grow overnight. There will be many decisions to make. You'll need to keep abreast of new developments which come thick and fast. To do this, you'll need the expert advice and personal service of experienced people.

Ash Temple has been helping Canadian dentists get started for several generations, and we're ready to help you now. We will give practical advice on office planning, location,

the pros and cons of partnership, associate-ships or a group practice, equipment, supplies and even financing.

Call us. We have representatives across Canada committed to helping you get off to a great start.

CAULK INTRODUCES GENESIS™

VISIBLE LIGHT CURE IMPRESSION MATERIAL.

Never before has there been an impression material that puts you in complete control.

- Virtually unlimited work time.
- No mixing or syringe loading is necessary.
- GENESIS is translucent.
- Clear plastic trays allow visual inspection for fit before use.
- Is the most accurate, stable and distortion-resistant impression material.
- Has a pleasant taste and no odor, and is a bioacceptable resin for greater tissue acceptability.

- No-mix material is light-cured on demand, for complete and maximum productivity.
- Pre-filled disposable syringe virtually eliminates waste; eliminates danger of cross contamination.
- Cures in three minutes or less for optimum productivity and patient comfort.
- Material bonds to itself, practically eliminating relakes and minimizing waste.
- Disposable, clear impression trays in nine configurations for maximum flexibility and optimum fit.
